CHORUS:

We are co-creators
We work with God Almighty
Our mission is to bring beauty to Earth
To make it lovely
And pleasant
Organized and sturdy
Full of tasty food and holy mirth

Maybe you have skills to paint a moonlit night
Maybe you write rhyming poetry
Maybe you can dance to rhythms that delight
Or play your instrument so joyously

CHORUS

Maybe you'll be called to co-create a child
And raise her to serve our God above
Maybe you'll be called to think and teach the truth
Or simply to give other's God's love

CHORUS

Every single person has a gift or skill
Use yours to build our community
Every single person is designed by God
He'll use your willing heart, just watch and see!
